Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

- o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.
- o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.
- o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: [www.soc.aascu.org](http://www.soc.aascu.org) should you wish to learn more about the course transfer guarantees among SOC network institutions.

**IMPORTANT NOTE:** When you are ready to seek admission into this degree program, please contact the USCG Institute at 1-405-954-7241. Your advisor will send the college or university an official U.S. Coast Guard Institute transcript, a copy of the degree plan, and a ready-for-signature SOC Student Agreement which, when signed by a college official, becomes a contract for degree completion committing the

college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

#### DEGREE PLAN LEGEND:

SH = Semester hours  
VOC = Vocational, not relative to an academic degree  
LL = Lower Level, i.e. courses at the Freshman/Sophomore level  
UL = Upper Level, i.e. courses at the Junior/Senior level  
GL = Graduate Level (sometimes recommended by ACE for very complex courses)  
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes\*  
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes \*\*

\* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

\*\* DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit [http://www.dantes.doded.mil/dantes\\_web/distancelearning/disc/front/cont.htm](http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm) Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

Regis University General Information:

Since 1877, Regis University has been meeting the needs of students through innovative programs centered in academic excellence. Commitment to the individual student is fostered through the heritage of their values-centered Jesuit education. Today more than 15,000 students call Regis University home. The University is comprised of three schools that provide quality programs for each of our student populations: Regis College, Rueckert-Hartman School for Health Professions and the School for Professional Studies.

Regis University has designed its academic offerings to honor the values of Jesuit higher education, which calls for coherent and challenging fields of study, the examination of values, freedom of academic inquiry, and regular exchange of ideas between faculty and scholarship. Our curricula, our faculty, and our learning formats demonstrate these commitments.

The School for Professional Studies (SPS), established specifically by Regis University to offer programs designed for working professionals serves more than 13,000 students a year. SPS offers you a variety of flexible, convenient options to accommodate your educational goals, learning preferences and lifestyle. Depending upon your preferences, you may attend classroom-based courses, work independently outside the classroom or take courses online. Classes are small, averaging 15 students per course. You may pursue undergraduate or graduate degrees, academic certificates or noncredit corporate education programs.

Regis University academic programs are offered in a variety of learning formats - traditional semester-based programs, accelerated evening programs, guided independent study programs, and online learning programs - offered at both the undergraduate and graduate levels.

As an adult, you've learned a great deal through your work, job training, community, family, and other sources such as the military. You may also have transferable credit hours from colleges or universities you have previously attended. Save both time and money by capitalizing on your prior learning experiences, and significantly reduce the time needed to complete your degree through transfer credit, prior learning assessment or testing options. You can earn up to half of the college credit you need to graduate, and avoid classes in areas you have already mastered.

The average cost for Classroom-Based Courses is \$265.00 per credit hour, Guided Independent Study \$295.00 per credit hour and distance learning courses, \$310.00 per credit hour subject to terms of contract.
